## Botox (Botulinum Toxin) Treatment Consent & Aftercare Form

### CONSENT INFORMATION

I, the undersigned, consent to receive Botulinum Toxin (Botox) injections for the purpose of temporarily reducing facial wrinkles. I understand that the results are not permanent and that additional treatments will be required to maintain the desired effects.

### RISKS AND COMPLICATIONS

Possible side effects include redness, swelling, bruising, tenderness, headache, or temporary muscle weakness. Rare risks include eyelid or brow droop, allergic reaction, or asymmetry. I understand that no guarantees can be made as to the exact results of the procedure.

### MEDICAL HISTORY

Please list any known allergies, medications, or medical conditions:

---

---

Are you currently pregnant, breastfeeding, or planning to become pregnant? ☐ Yes ☐ No

### PHOTO CONSENT

I consent / do not consent (circle one) to the use of my photographs for medical documentation and/or educational purposes.

### ACKNOWLEDGMENT

I confirm that I have been fully informed of the procedure, benefits, risks, and alternatives. I have had the opportunity to ask questions, and all my questions have been answered to my satisfaction.

### AFTERCARE INSTRUCTIONS

- Do not touch, rub, or massage treated areas for at least 24 hours.
- Avoid lying down or bending excessively for 4 hours post-treatment.
- Refrain from strenuous exercise, saunas, and alcohol for 24 hours.
- Mild redness or swelling may occur and should subside within a few hours.
- Avoid applying makeup for at least 12 hours to minimize infection risk.
- Do not schedule facial treatments (peels, laser, etc.) for 2 weeks after Botox.
- Full results are typically visible within 10–14 days and last 3–4 months.

If you experience difficulty swallowing, speaking, breathing, or severe swelling, contact your healthcare provider immediately.
